INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **O2 RENEWABLE ENERGY XVI PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard ("Ind AS") prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to the Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards ("Ind AS") and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order/ CARO 2020") issued by the Central Government in terms of Section 143(11) of the Act, we give in **Annexure "B"** a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Loss), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend declared or paid during the year by the Company under section 123 of the Act.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in

these software. However, the Company has migrated its accounting software (refer note 40 To the financial statement) from 1st January 2026.

Further, during the course of our audit we did not come across any instances of audit trail feature being tampered with, where such functionality was enabled and logs was maintained. Further the audit trail has been preserved by the Company as per statutory requirements for record retention.

3. In our opinion and according to the information and explanations given to us, the provisions of Section 197 read with Schedule V of the Act and the rules thereunder are not applicable to the Company as it is a private company.

Annexure "A" to the "Independent Auditors report"

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **O2 RENEWABLE ENERGY XVI PRIVATE LIMITED ("the Company")** as at March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures

that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT
(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’
section of our report of even date)

- (i). (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
- (B) The Company does not have any intangible assets in the books of the Company and accordingly, the requirement to report on clause 3(i)(a)(B) of the Order is not applicable to the Company.
- (b) The Property, Plant and Equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the Property, Plant and Equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company, accordingly paragraph 3(i) (c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued any of its property, plant and equipment (including Right of Use assets) or intangible assets during the year, accordingly paragraph 3(i) (d) of the Order is not applicable to the Company.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, we state that no proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder, accordingly paragraph 3(i) (e) of the Order is not applicable to the Company.
- (ii). (a) The Company does not have inventory in its books. Accordingly, the provisions of clause 3(ii) (a) of the order relating to the procedure of physical verification and frequency of verification are not applicable to the Company.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility in excess of five crores rupees in aggregate from banks or financial institutions on the basis of security of current assets, and hence reporting under clause 3(ii)(b) of the Order is not applicable
- (iii). The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clauses 3(iii)(a), (b), (c), (d), (e) and (f) of the Order are not applicable.
- (iv). According to the information and explanation given to us, the Company has not made any transaction in respect of loans, investments, guarantees and security. Accordingly, the provisions of clause 3(iv) of the Order related to compliance with the provisions of the Section 185 and 186 of the Act are not applicable to the Company.

- (v). In our opinion and according to the information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi). The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the activities of the Company. Hence, reporting under clause 3(vi) of the Order is not applicable to the Company.
- (vii). According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company has generally been regular in depositing undisputed statutory dues including Income-tax, Goods and Services tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
- There were no undisputed amounts payable in respect of Goods and Service tax, Income-tax, cess and other material statutory dues in arrears as at March 31, 2026 for a period of more than six months from the date they became payable.
- (b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2026.
- (viii). According to the information and explanations given to us, there were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix).
- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, we state that the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has taken term loan in earlier years and were applied for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, there are no short term funds raised during the year. Accordingly, the requirement to report on clause 3(ix)(d) of the Order is not applicable to the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Act.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).
- (x).
- (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instrument) during the year hence reporting under clause 3(x)(a) of the order is not applicable.

- (b) The Company has not made a preferential allotment and private placement of equity shares and Compulsory convertible debentures during the year, hence reporting under clause 3(x)(b) of the order is not applicable.
- (xi).
- (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the period and upto the date of this report.
- (xii). The Company is not a Nidhi Company and hence reporting under clauses 3(xii) (a), (b) and (c) of the Order are not applicable to the Company.
- (xiii). In According to the information and explanations given to us and based on our examination of the records of the Company, the transactions with the related parties in compliance with section 188 of the Act, where applicable and details of such transactions have been disclosed in the financial statements as required by the appropriate Indian accounting standard. Further, being a private limited company, section 177 is not applicable to the Company so no comment is offered on compliance of section 177.
- (xiv). The Company is not required to have an internal audit system under section 138 of the Companies Act, 2013 hence reporting under clause 3(xiv) (a) and (b) of the Order is not applicable to the Company.
- (xv). In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company, as applicable, or persons connected with them. Accordingly, the provisions of Section 192 of the Act, as referred to in clause 3(xv) of the Order, are not applicable to the Company.
- (xvi). According to the information and explanations given to us and based on our examination of the records of the Company, The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clauses 3(xvi) (a), (b) (c) and (d) of the Order are not applicable.
- (xvii). The Company has not incurred cash losses during the year covered by our audit and the Company had incurred cash loss amounting to INR 35,629.39/- (in Thousand) in preceding year.
- (xviii). There has been no resignation of the statutory auditors of the Company during the year. Hence, reporting under clause 3(xviii) of the Order is not applicable.
- (xix). On the basis of the financial ratios (refer note-31 in the financial statements), ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of

meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx). Reporting under clauses 3(xx) of the Order are not applicable to the Company. According to the information and explanations given to us and based on our examination of the records of the Company, there is no unspent amount under sub section (5) of section 135 of the Act pursuant to any project. Accordingly, paragraph 3 (xx)(a) and (xx)(b) of the Order are not applicable to the Company.

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements

(All amounts are in Indian rupees in thousands, unless otherwise stated)

1. Corporate information

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED ('the Company') is a Private limited company incorporated and domiciled in India and has its registered office at 208, Square One Mall, 2nd Floor District Centre Saket, South Delhi, New Delhi, India, 110017. The Company is a subsidiary of O2 Energy SG Pte. Ltd. The Company is in the business of carrying out generation of power through non-conventional and renewable energy sources.

The financial statements were approved by the board of directors on May 06, 2026.

2. Significant accounting policies

I Basis of preparation and presentation

The financial statements for the year ended March 31, 2026 have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable.

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policy no XIV.

The financial statements have been prepared and presented in INR, which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest thousands unless, when otherwise indicated.

II Use of estimates and judgments

The preparation of Financial Statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these Financial Statements and the reported amount of revenues and expenses for the period presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Financial Statements are included in the following notes:

Useful lives of property, plant and equipment

During the current year, the Company basis the technical assessment, have revised the estimated useful lives of solar power project assets, namely plant and machinery (excluding robot module cleaning machines) and buildings from 25 years to 30 years. Further, the estimated useful life of robot module cleaning machines has been revised from 25 years to 5 years.

III Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
 - Held primarily for the purpose of trading
 - Expected to be realized within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve month after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle for classification of their current assets and liabilities.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements

(All amounts are in Indian rupees in thousands, unless otherwise stated)

IV Operating cycle

The Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

V Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company management determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company management determines the policies and procedures for recurring and non-recurring fair value measurement. Involvement of external valuers is decided upon annually by Company management.

The management decides after discussion with external valuers about valuation technique and inputs to use for each case. At each reporting date, the Company's management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The Company management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

VI Revenue recognition

Ind-AS 115 - Revenue from contracts with customers establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind-AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosure.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue in excess of invoicing are classified as contract assets (which we refer to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as unearned/deferred revenue).

The Company is in the business of carrying out generation of power through non-conventional and renewable energy sources.

The Company applies the revenue recognition criteria to each nature of revenue transaction as set-out below:

****Page left intentionally Blank****

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements

(All amounts are in Indian rupees in thousands, unless otherwise stated)

a. Revenue from sale of goods

i Sale of Power

Income from supply of power is recognized on the supply of units generated from the plant to the grid, as per the terms of the Power Purchase Agreements ("PPA") entered into with the customers. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of power, the Company considers the effects of variable consideration and consideration payable to the customer (if any).

Revenue from contracts with the customer for sale of power is disclosed separately in the statement of profit and loss under the head "Revenue from sale of power".

ii Sale of renewable energy certificate ('REC')

Revenue from sale of REC is recognized at the point in time when control of the asset is transferred to the customer, generally on sale of REC on Indian Energy Exchange. There is only single performance obligation in case of this sale and the price at which REC is sold on IEX, net of sale expenses, is considered to the transaction price.

iii Rebates

In some PPAs, the Company provide rebates in invoice if payment is made before the due date. Rebates are offset against amounts payable by the customers. To estimate the variable consideration for the expected future rebate, the Company applies the most likely method.

iv Consideration payable to customers

In some PPAs, Company has to pay consideration to customers. Consideration payable to customers are offset against the revenue recognised as and when sale of power occurs.

b. Income from compensation for loss of revenue

Income from compensation for loss of revenue is recognised after certainty of receipt of the same is established.

c. Unbilled Revenue

Unbilled revenue means the revenue, which is recognized in the books of accounts before issue of an invoice at the end of a particular period. Unbilled revenue is recognized as when all performance obligations are satisfied and reasonable certainty of its collections.

d. Dividend Income

Dividend income is recognized when the right of the Company to receive dividend is established by the reporting date.

e. Interest Income

Interest Income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate except Late Payment Surcharge (LPS) which is recognized on receipt basis. Interest Income is included under the head "other income" in the statement of profit and loss.

f. Significant financing component

Using the practical expedient in Ind-AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or service to the customer and when the customer pays for that good or service will be one year or less.

g. Variable Considerations

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

****Page left intentionally Blank****

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements*(All amounts are in Indian rupees in thousands, unless otherwise stated)***VII Contract balances****Contract assets**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs its performance obligations by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Contract liability

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customers, a contract liability is recognised when the payment is made, or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the contract.

Trade receivable

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section XIV financial instruments - initial recognition and subsequent measurement.

VIII Taxes**Income Tax**

Income tax expense comprises of current tax and deferred tax. Current and deferred tax are recognized in the Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Current tax is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

****Page left intentionally Blank****

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements*(All amounts are in Indian rupees in thousands, unless otherwise stated)***IX Property, Plant and Equipment**

An item is recognized as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably.

Recognitions and initial measurement

Property, Plant and Equipment ('PPE') is stated at historical cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price net of refundable taxes and any attributable cost of bringing the asset to its working condition for its intended use, if the recognition criteria are met.

Subsequent expenditure is capitalised only when it increases the future economic benefits for its intended use from the existing assets beyond its previously assessed standard of performance. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Refer to note II regarding significant accounting judgements, estimates and assumptions and provisions for further information about the recorded decommissioning provision.

Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets.

Depreciation, estimated useful lives and residual value

Depreciation is provided for property, plant and equipment so as to expense the cost less residual values over their estimated useful lives. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis taking into account commercial and technological obsolescence as well as normal wear and tear. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Category	Useful Life
Plant and equipment	30 years

During the current year, the Company basis the technical assessment, have revised the estimated useful lives of solar power project assets, namely plant and machinery (excluding robot module cleaning machines) and buildings from 25 years to 30 years. Further, the estimated useful life of robot module cleaning machines has been revised from 25 years to 5 years. These changes have been considered as a change in accounting estimate in accordance with Ind AS 8 (Accounting Policies, Changes in Accounting Estimates and Errors) and have been accounted for prospectively with effect from April 1, 2025.

Based on an external technical assessment, the management believes that the useful lives as given above and residual value of 0% best represents the period over which management expects to use its assets and its residual value.

The residual value of all fully depreciated assets is retained at Re. 1/- each to identify the assets in the Property, Plant and Equipment Register.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

The carrying value of an item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognised.

Capital work-in-progress

Capital work-in-progress represents expenditure incurred in respect of capital projects under development and are carried at cost. The cost of capital work-in-progress is presented separately in the balance sheet.

****Page left intentionally Blank****

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements

(All amounts are in Indian rupees in thousands, unless otherwise stated)

X Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

XI Leases

The Ind AS-116 - Leases, defines a lease as a contract that conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves use of an identified assets, (ii) the Company has substantially all the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Further company shall use the recognition exemption (if such type of leases available) for lease contracts that, at the commencement date, have a lease term of twelve months or less and do not contain a purchase option ("short-term leases") and lease contracts for which the underlying asset is of low value other than land. ("low value assets").

Right of use assets and lease liabilities

The Company as a lessee:

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

Classification of leases

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

Recognition and initial measurement

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in statement of profit and loss on a straight-line basis over the lease term.

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements

(All amounts are in Indian rupees in thousands, unless otherwise stated)

XII Provisions, Contingent Assets and Contingent Liabilities

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Assets and Contingent Liabilities

Contingent liability is disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the financial statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

XIII Impairment

Impairment of Non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset or a Company of assets (cash generating unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or cash generating unit.

The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost, had no impairment been recognised.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Notes forming part of Financial Statements

(All amounts are in Indian rupees in thousands, unless otherwise stated)

XIV Financial Instruments (including impairment)

Financial Assets

Financial assets are recognised when an entity becomes a party to the contractual provisions of the instruments. Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets on initial recognition. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss (FVTPL) are recognised immediately in the Statement of Profit and Loss.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets that are held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at amortised cost (except for financial assets that are designated as at FVTPL on initial recognition).

Financial assets that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at fair value through other comprehensive income (except for financial assets that are designated as at FVTPL on initial recognition).

All other financial assets are subsequently measured at fair value.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognised on an effective interest basis for financial assets other than those financial assets classified as at FVTPL. Interest income is recognised in the Statement of Profit and Loss and is included in the 'Other income'.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

The Company assesses at each Balance Sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises credit loss allowance at lifetime expected credit loss model for trade receivables.

Financial Liabilities

Financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments. Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities (other than financial liabilities at FVTPL) are deducted from the fair value of the financial liabilities on initial recognition. Transaction costs directly attributable to the acquisition of financial liabilities at FVTPL are recognised immediately in the Statement of Profit and Loss.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL. Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs'.

Non-refundable fees and related direct costs associated with the origination of borrowings are deferred and netted against borrowings and recognised using effective interest rate method.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

The Company's financial liabilities comprise of borrowings, trade payables, payable for capital goods, retention money and other payables. These liabilities are measured subsequently at amortised cost.

O2 RENEWABLE ENERGY XVI PRIVATE LIMITED

CIN: U35106DL2023FTC415008

Notes forming part of Financial Statements*(All amounts are in Indian rupees in thousands, unless otherwise stated)***XV Segment reporting**

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Director (Chief Operating Decision Maker, CODM) in deciding how to allocate resources and in assessing performance.

XVI Earning per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity shareholder of the Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the parent company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XVII Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

XVIII Recent accounting pronouncements:

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under the Companies (Indian Accounting Standards) Rules, from time to time. For the year ended 31 March 2026, MCA has notified the following amendments and are applicable to the Company with effect from 1st April 2025.

Ind AS 1 – Presentation of Financial Statements: The amendment regarding classification of liabilities as current or non-current with covenants. The amendments require assessment of the right to defer settlement based on reporting date conditions.

Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: The amendment requires enhanced disclosure requirements for supplier finance arrangements have been introduced to improve transparency about cash flows and liabilities.

Ind AS 12 – Income Taxes: The amendment incorporates a temporary mandatory relief from accounting for deferred taxes arises from legislation implementing Pillar Two legislation and Pillar Two income taxes.

Ind AS 21 – The Effects of Changes in Foreign Exchange Rates: The Amendment addressing situations where currencies are not exchangeable have been notified.

The Company has reviewed the above amendments and based on its evaluation, has determined that these amendments do not have any material impact on the financial statements of the Company."

XIX Standard issued but not yet effective:

Ind AS 118 – Presentation and Disclosure in Financial Statements: The Institute of Chartered Accountants of India ("ICAI") has issued an Exposure Draft on Ind AS 118 – Presentation and Disclosure in Financial Statements, which is intended to replace Ind AS 1 – Presentation of Financial Statements. Ind AS 118 aims to introduce a new structure for the statement of profit and loss, enhanced aggregation and disaggregation requirements and improved disclosures to provide more relevant information about an entity's financial performance.

The standard has not yet been notified by the Ministry of Corporate Affairs ("MCA") and, accordingly, is not effective for the year ended 31 March 2026. The Company will evaluate the impact of Ind AS 118 on its financial statements once the standard is notified and becomes effective.

27 Financial instruments

- (A) This section gives an overview of the significance of financial instruments for the company and provides additional information on the balance sheet. Details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2

The accounting classification of each category of financial instruments, their carrying amounts and their fair values are set out below:

Particulars	Carrying value		Fair value	
	March 31, 2026	March 31, 2025	March 31, 2026	March 31, 2025
Financial assets at amortised cost				
Trade receivables	45,131.80	41,524.24	45,131.80	41,524.24
Cash and cash equivalents	37,765.32	29,624.54	37,765.32	29,624.54
Other financial assets	73,568.65	51,414.08	73,568.65	51,414.08
	1,56,465.77	1,22,562.86	1,56,465.77	1,22,562.86
Financial liabilities at amortised cost				
Borrowings	11,44,821.37	11,79,564.78	11,44,821.37	11,79,564.78
Lease liabilities	32,769.58	32,391.26	32,769.58	32,391.26
Trade payables	27,421.34	29,207.02	27,421.34	29,207.02
Other financial liabilities	38,583.08	26,950.48	38,583.08	26,950.48
	12,43,595.37	12,68,113.54	12,43,595.37	12,68,113.54

The management has assessed that fair value of financial assets such as cash and cash equivalent, trade receivable (current), bank balances, other than cash and cash equivalent, short term loans, trade payable, short term interest-bearing loans and borrowings, other current financial liabilities and other current financial assets approximate their carrying amount largely due to short-term maturities of these instruments.

(B) Fair value hierarchy

Level 1: Quoted prices in active markets. This level of hierarchy includes financial assets that are measured by reference to quoted price in active market. This category consist of quoted equity share and debt based open ended mutual funds.

Level 2: Valuation techniques with observable input. This level of hierarchy includes item measured using inputs other than quoted price included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of debt based close ended mutual fund investments.

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable input). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The following table provides the fair value measurement hierarchy of company's financial assets and liabilities

Quantitative disclosures of fair value measurement hierarchy for assets and liabilities as at March 31, 2026

Total	Fair value measurement using

12,68,113.54	-	-	12,68,113.54

In determining fair value measurement, the impact of potential climate-related matters, including legislation, which may affect the fair value measurement of assets and liabilities in the financial statements has been considered. For revalued office properties, the company considers the effect of physical and transition risks and whether investors would consider those risks in their valuation. The company has assessed whether its properties are exposed to physical risks, such as flooding and increasing wildfires, but believes that this is currently not the case. However, the company believes it is, to some extent, impacted by transition risks, and, more specifically, increasing requirements for energy efficiency of buildings due to climate-related legislation and regulations as well as tenants' increasing demands for low-emission buildings. The company, therefore, takes into account necessary upgrades required to ensure future compliance with those requirements when measuring the fair value of investment properties and revalued office properties.

During the year, there were no transfers between Level 1 and Level 2, and transfers into and out of Level 3 fair value measurements.

28 Capital management policies and objectives

The primary objective of the Company capital management is to ensure that it maintains a strong credit rating and net current asset position in order to support its business and maximise shareholder value. The company manage its capital structure and make adjustments to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholder, return capital to shareholder, issue new shares, or sell assets to reduce debts. The company is not exposed to any externally imposed capital requirements. The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, less cash and bank balances as detailed in the notes below. The Company's capital management is intended to create value for shareholders by facilitating the meeting of its long-term and short-term goals. Its capital structure consists of net debt (borrowings as detailed in notes below) and total equity.

The Net gearing ratio at the end of reporting period was as follows:

Particular	As at March 31, 2026	As at March 31, 2025
Total Debt	11,44,821.37	11,79,564.78
Less: Cash and cash equivalents	37,765.32	29,624.54
Net Debt (A)	11,07,056.05	11,49,940.24
Total capital (B)	2,26,934.28	2,31,121.37
Gearing ratio (A/B)	4.88	4.98

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2026 and March 31, 2025

Notes forming part of Financial Statements*(All amounts are in INR thousands, unless otherwise stated)***29 Financial risk objective and policies**

The company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations/projects. The Company's principal financial assets include trade and other receivables, cash and cash equivalents that derive directly from its operations.

In the ordinary course of business, the Company is mainly exposed to risks resulting from interest rate movements (interest rate risk) collectively referred as market risk. Credit risk and Liquidity Risk. The Company's senior management oversees the management of these risks.

A Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity:

The following table demonstrates the sensitivity to a reasonable possible change in interest rates on financial liabilities, i.e. floating interest rate borrowings in INR. Interest rate sensitivity has been calculated for borrowings with floating rate of interest. For borrowings with fixed rate of interest sensitivity disclosure has not been made. With all other variables held constant, the company's profit before tax is affected through the impact on financial liabilities, as follows:

	For the year ended			
	March 31, 2026		March 31, 2025	
	Increase / decrease in basis points	Effect on profit before tax	Increase / decrease in basis points	Effect on profit before tax
INR (in thousands)	+ / (-) 50	(-) / + 4730.13	+ / (-) 50	(-) / + 5897.82

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment. Though there is exposure on account of Interest rate movement as shown above but the company minimises the foreign currency (US dollar) interest rate exposure through derivatives and INR interest rate exposure through re-financing.

B Credit risk:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a loss to the company. The Company has adopted the policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial losses from default, and generally does not obtain any collateral or other security on trade receivables.

The carrying amount of financial assets recorded in the financial statements represents the Company's maximum exposure to credit risk. Cash are held with creditworthy financial institutions.

C Liquidity risk:

The Company monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Company's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through the use of various types of borrowings.

The table below summarises the maturity profile of the Company's financial liabilities based on undiscounted cash flows:

	Up to 1 year	1 year to 5 years	More than 5 years	Total
As at March 31, 2026				
Financial liabilities at amortised cost				
Trade Payables	27,421.34	-	-	27,421.34
Borrowings	30,573.96	1,37,446.87	11,59,684.97	13,27,705.79
Lease Liabilities	2,888.53	12,243.66	65,509.01	80,641.20
Other financial liabilities	38,583.08	-	-	38,583.08
	99,466.91	1,49,690.53	12,25,193.98	14,74,351.41
As at March 31, 2025				
Financial liabilities at amortised cost				
Trade Payables	29,207.02	-	-	29,207.02
Borrowings	1,24,276.81	4,70,438.98	14,54,617.36	20,49,333.15
Lease Liabilities	2,876.10	15,132.19	65,509.01	83,517.30
Other financial liabilities	26,950.48	-	-	26,950.48
	1,83,310.41	4,85,571.17	15,20,126.37	21,89,007.95

30 Details of dues to micro and small enterprises as defined under the MSMED Act, 2006

The Micro, Small and Medium Enterprises have been identified by the Company from the available information, which has been relied upon by the auditors. According to such identification, the disclosure in respect to Micro and Small Enterprises as per MSMED Act, 2006 is as follows:

	As at March 31, 2026	As at March 31, 2025
Principal amount remaining unpaid to any supplier as at the year end.	152.00	490.80
Interest due thereon	-	-
Amount of interest paid by the company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting year.	-	-
Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED.	-	-
Amount of interest accrued and remaining unpaid at the end of the accounting year.	-	-
Amount of further interest remaining due and payable even in succeeding years.	-	-

The disclosure in respect of the amount payable to enterprises which have provided goods and services to the company and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 has been made in the Financial statement as at March 31, 2026 to the extent of information received and available with the company. On the basis of such information, no interest is payable to any micro, small and medium enterprises.

Notes forming part of Financial Statements

(All amounts are in INR thousands, unless otherwise stated)

35 The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

36 The Company does not have any pending litigations which would impact its financial position.

37 As at March 31, 2026, the Company does not have any unhedged foreign currency exposure.

38 Significant events after the reporting period

There were no significant adjusting events that occurred subsequent to the reporting year other than the events disclosed in the relevant notes.

39 Corporate Social Responsibility

According to Section 135 of Chapter IX of the Companies Act, 2013, companies meeting the prescribed criteria are required to contribute a minimum percentage of their average net profit from the preceding three financial years to Corporate Social Responsibility (CSR) activities. Since the company does not meet these criteria, the total expenditure on CSR activities for the year ended 31st March 2026 is NIL.

40 As per the requirements of proviso to Rule 3(1) of the Companies (Accounts) Rules, 2024, accounting software used by the Company should have a feature of recording audit trail of each and every transaction. The Company's IT environment is adequately governed with General information technology controls (GITCs) for financial reporting process and the Company has assessed all of its IT application that are relevant for maintaining books of account.

The Company has used accounting software during the period April 1, 2025, to December 31, 2025, for maintaining its books of account for the year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the audit trail feature at the application level has operated for the period April 1, 2025, to December 31, 2025 for all relevant transactions recorded in the software. Further, database of the accounting software has been maintained by a third party software service provider, for which independent auditor's System and Organisation Controls report covering the audit trail requirement was not available.

The Company migrated to a new accounting software from January 1, 2026, which has the audit trail feature and the same has operated from January 1, 2026, throughout the remaining period for all relevant transactions recorded in the software.

The Company has preserved the audit trail in accordance with statutory record retention requirements for the accounting software that had an audit trail (edit log) feature that was enabled at the application level from July 2, 2024 upto March 31, 2025 and the independent auditor's System and Organisation Controls report covering the preservation of audit trail at the database level was not available. The Company had used accounting software for which audit trail feature was not enabled upto July 1, 2024 at the application and database level.
